

## COMPANY BACKGROUND

Polytec Laminates Sdn Bhd incorporated on 11 November 2002 is a leading manufacturer of resin impregnated paper board situated at No. 1, Jalan Teknologi Utama, Kawasan Perindustrian Mengkibol, 86000 Kluang, Johor.

With the latest world class European technology and our sophisticated internal know-how, polytec laminates products are manufactured to the highest quality standards. All of our products conform to the appropriate international standards.

Polytec Laminates comprises of HIGH PRESSURE LAMINATES (HPL) and COMPACT LAMINATES (CL). They are produced from highest quality cellulose papers, impregnated with in-house developed resin, and processed under a high pressure and temperature.

Polytec Laminates are available in a selection of thicknesses, surface finishes and size. The thickness of our HIGH PRESSURE LAMINATES (HPL) are 0.7mm with post-forming capability, whilst the thickness of our COMPACT LAMINATES (CL) range from 2mm to 25mm.

With an outstanding array of colours, styles and surface finishes, the polytec range of COMPACT laminates and HIGH PRESSURE laminates is amongst the most comprehensive, produced with the state-of-art technology and latest process know-how conforming to international quality standard. Polytec colours combine modern trends with popular classics to create a fashionable new range. From bench tops to desks and furniture, cubicle partitions and lockers whatever your project requires, polytec laminates provide a hard wearing and low maintenance surface at an affordable price.

### VISION

We believe in dynamic growth through our multi-cultural team work and partnership. We aim to be a world leading supplier of High Pressure Laminates and Compact Laminates and services by focusing on multi-regional market needs.

### MISSION

We strive to satisfy our customer needs by supplying Quality Products & Services. Through the process of achieving our business objectives across borders, we aim to grow and enrich our individual lives. We believe the growth of Polytec as a responsible corporate citizen, will contribute to our staffs as well as to society.
